

A Rare Opportunity!

A LEASEHOLD FOR SALE.

At a very low figure, 1,500 acres of land in the District of North Kona: 158 are subleased to responsible parties at a good rental; 200 acres are planted with coffee, in good condition, from 2½ to 4½ years old; 50 acres are in old coffee, and all of the remaining 1,100 acres are suitable for the planting of coffee.

The party purchasing, will only be liable for the taxes on improvements on the property, no rental to be paid.

This is a splendid chance for a party with the necessary capital to make an investment that is sure to bring a large return on the money invested, as you have in this tract all climates and elevations suitable for all kinds of coffee.

KAPAA CHRISTMAS.

That Tie Ball Game—Tug-of-war. Luau—Tree—Dance.

In a letter from Kauai, received on the W. G. Hall yesterday, was contained the following notes in regard to the Christmas events in Kapaa, very brief mention of which was made in the Advertiser a few days since:

The Christmas races at Kapaa turned out very successful, and were witnessed by a fairly large crowd. They commenced about the same time as the baseball game, but concluded sometime before.

The baseball game resulted in a tie. Makee Sugar Co. 10; Kilauea Sugar Co. 10.

Although the game was a long drawn out affair, yet it was close from the start, and if it hadn't been for an honest mistake by the umpire, the Makee Sugar Co. team would undoubtedly have won the game.

The man who came in with the winning run was sent back to his base on a blocked ball, which was delivered immediately by one of the players, from where it was blocked to the plate, in lieu of delivering it to the pitcher.

The sports were witnessed by a large crowd and turned out very successfully. Kealia carried off the "honors" in the tug-of-war, both with Kapaa and Lihue. Lihue did not and could not get its strongest team together. Those who participated in the Lihue team were gathered on the ground in short notice.

At the conclusion of the sports, a luau was spread, principally for the plantation people.

In the evening they had a tree in the hall, and after that part of the day's events, a dance followed. This was much enjoyed by all. Quite a delegation of Kapaa and Kealia folks attended, but not more than two or three from Lihue.

The Makee Sugar Co. and Kilauea Sugar Co. baseball teams will play off the tie game of Christmas on the 17th inst. This will decide the championship of 1897.

Circuit Court Notes.

Bishop & Company disclaim any interest in the premises described in the complaint of M. F. Scott et al vs. Mrs. Esther N. Pilipo. Friday they asked for dismissal with costs.

Kapea and Kaio have been given until January 4th for filing their bill of exceptions to the Circuit Court decision.

The guardian of Mary P. Apoe has been allowed to sell certain real estate in response to his petition to that effect.

Mary E. Burgess has filed a bill of \$141.74 costs in her successful suit against the Hawaiian Tramway Co.

The contestants of the will of Joseph Lazarus have been given until January 6th for filing their brief.

The trustees of the Bernice Pauahi Bishop Museum have filed their annual report.

Shooting Challenges.

Police officer Neely says that he has witnesses to prove that Q. H. Berry did challenge him to a match, notwithstanding statements to the contrary. He now challenges Berry to a match any time within the next two weeks, of anywhere from 10 to 50 rounds. This brings the thing to a focus and Berry will have a chance to accept or refuse.

YES! WE ARE

THE IGNORANT PIE AND CAKE MAKERS OF HONOLULU.

After 18 years of experience in our trade, we refuse to learn how to use stale eggs and vile compounds, of various names, so that a very liberal quantity of ammonia, alum and salt-petre must be used to kill the horrible aroma and taste of the bad material. In our "ignorance" we use only the freshest of eggs and pure leaf lard, put up by the Western Meat Company of San Francisco, (after they received our order by the Australia), and sent by return steamer. If you are wanting pies or cakes we are pleased to show you the material our goods are made from. Our pies are said to excel Swain's, by those who have used both. Our sweet yeast bread is something new in this market. We have only used it for two and a half months and have never had the slightest sign of that sour taste which is so troublesome in this climate.

A Model Plant is not complete without Electric Power, thus dispensing with small engines.

Why not generate your power from one CENTRAL Station? One generator can furnish power to your Pump, Centrifugals, Elevators, Flows, Railways and Hoists; also, furnish light and power for a radius of from 15 to 30 miles.

Electric Power being used, saves the labor of hauling coal in your field, also water, and does away with high-priced engineers, and only have one engine to look after in your mill.

Where water power is available it costs nothing to generate Electric Power.

THE HAWAIIAN ELECTRIC COMPANY is now ready to furnish Electric Plants and Generators of all descriptions at short notice, and also has on hand a large stock of Wire, Chandeliers and Electrical Goods.
